

TUESDAY NIGHT DOUBLES

TRY SOMETHING NEW IN 2020

Evolve into a League Bowler with your own new bowling ball and learn the basics of bowling through coaching with one of New Zealand's Best Bowlers.

This beginners league runs in 20 week rounds throughout the year and cost \$25 per week for new bowlers \$22 for existing bowlers.

The league will bowl over 20 weeks, with the first 10 weeks playing 3 games each week and receiving on-going coaching.

Bowlers will receive a brand new custom drilled bowling ball after completing 10 weeks of bowling.

The first 10 weeks will bowl 3 games each week, competing as a doubles team against the other teams.

Points will be awarded 2 points per game and 3 points for the series (overall total). All stages of the league will be handicapped.

Handicap will be based on 180 minus the bowler's average, which will be recalculated after every week.

Results/Standings will be posted on the league noticeboard near lane 1 and also on the North City Tenpin website www.northcitytenpin.co.nz

Bowlers are welcome to "pre-bowl" at anytime prior to the weekly session if they are not available to bowl with the league – please let the staff know when booking and bowling – and your scores will be entered as if you were here on the night. You will need to ensure your scores are recorded by staff when your pre-bowl has been completed.

Teams may have more than 2 players and rotate bowlers as required, although bowling balls will not be given until the player has completed 10 weeks of bowling.

At the end of 20 weeks, we will hold a Prizegiving to reward and acknowledge the winning teams and highest games/series.

New Teams are welcome to join at anytime and will start in last place, on the same points as the lowest place team. *Anyone who introduces a new team will receive a week of free bowling.*
